

Mental Health Investment Standard Assurance Statement

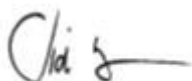

All CCGs and ICBs were required to plan to achieve the Mental Health Investment Standard in 2022/23 and were required to spend greater than or equal to the 2022/23 target spend provided by NHS England and NHS Improvement.

As the Accountable Officer of Buckinghamshire, Oxfordshire and Berkshire West Integrated Care Board (the successor body to similarly named CCGs), I am responsible for the preparation of the Mental Health Investment Standard Compliance Statement (the "Statement") for the year ended 31 March 2023 and for the financial information that forms the basis of the calculation on which the Statement is derived.

This includes the design, implementation and maintenance of internal controls relevant to the preparation of the Statement to ensure that mental health expenditure is correctly classified and included in the calculations, and that the Statement is free from material misstatement, whether due to fraud or error.

To the best of my knowledge and belief I have properly discharged my responsibilities with regard to reporting against the Mental Health Investment Standard.

I consider that Buckinghamshire, Oxfordshire and Berkshire West Integrated Care Board complied with the requirements of the Mental Health Investment Standard for 2022/23. The 2022/23 adjusted target spend was £258,800k and adjusted actual spend was £260,364k.

Nick Broughton
Chief Executive Officer
NHS Buckinghamshire, Oxfordshire and Berkshire West Integrated Care Board
